

# RADIO CONCORD

## NEWSLETTER JUNE 1972

Dear Listener,

Thank you for contacting us.

Radio Concord is a new Free Radio Station broadcasting on 230 metres on the Medium Wave every Sunday from 11 a.m. - 3 p.m.

One may think "Oh it's just another pirate radio station playing more pop music such as Radio One but with inferior sound quality".

Our aim is to entertain our audience with a variety of music and news events to suit all tastes, trying to change the current day in-day out Radio One Pseudo Personal Image.

Since the closure of all the offshore radio stations such as Radio London, Radio Caroline etc., thousands of people have been left with a very dull listening programme, on British Radio.

Radio Concord will try its best to provide a good quality Sound and Content broadcast each week aiming for continuous improvement in Free Radio and keeping our listeners happy.

At present there are five D.Js on Radio Concord.

- 1) MATT BLACK (Top 50, Advance Promotion Records and Oldies)
- 2) TOMMY ARNOLD (Rock and Progressive Music)
- 3) PHILIP DAY (Variety of MUSIC "Jingle King")
- 4/5) JEFF KING AND "THE TOFFER" (Transatlantic SOUNDS - Comedy - Heavy and Classical Music)
- 6) RHODA ORANGE (Our Girl D.J.)

Some of you have asked us about our transmitter. At present we are using a 60 WATT 500 VOLT Transmitter which seems to be covering on average a 20 Mile radius of London. Your reception reports are always welcomed.

Obviously I don't have to tell you about the problems we all face regarding the G.P.O. which is really a major one. Therefore it is necessary to keep on the move. The requirements of different Broadcasting Locations each week; a need for more electrical equipment. If anyone can help us out with these problems (especially locations) we would be more than grateful, and you will have done your bit for Free Radio. I find it inpolite to beg, but we need your support to keep Radio Concord and other Free Radio stations going.
